## C. Scoring Committee – John Darrow

With the retirement of long time head scorer Scott Butler, a new scoring procedure is needed. To that end, John Darrow and his committee sought alternatives to the “Butler process.” The hiring of outside companies was deemed too expensive, and use of other, experienced individuals was determined to be the best short term solution.

Naperville Running Company (NRC) agreed to assign two of their employees to help score 2016 SPLCC meets. NRC will pay their employees and training will be a cooperative venture with SPLCC and NRC, spearheaded by John Darrow and SMG’s Julie Fulton. Owing to the use of Scott Butler’s personal computers the last several years, will necessitate the purchase of two new laptops by SPLCC.

In acknowledging the assistance that NRC is providing to the SPLCC, coaches and administrators were advised to promote NRC, and take advantage of a purchase discount for coaches (20%) and student-athletes (15%). In addition SPLCC will host its post-season meeting at NRC’s store.

Julie Fulton volunteered to serve as the SPLCC’s head scorer, coordinating the efforts of the assigned SPLCC volunteers and NRC personnel to include team roster input, distribution of meet results, ordering scoring supplies (tags, pins, etc.), etc. Scoring of the championship meet will require hand scoring in order to divide the two divisions and will require two overseers to check and confirm the calculations and meet results.

The membership voted to eliminate team scoring for the GVM Co-Ed meet, opting to increase the number of individual ribbons awarded for Flight 2 runners from 25 to 35.
