

Attention All SPL Coaches and Commissioners

Thank you all for participating this year. The final results are being posted to the SPL Web Site. The url is <http://home.comcast.net/~kaufman18/SPL/track.html>

A special thanks to Pete Connelly for giving me all the support and advice both before the meet and during the meet.

This is a list of the athletes that qualified in the Meet of 5-15-2004. This list was taken from the computerized scoring system that was used in both meets. In some cases entries were made past the level that qualify for the event. Please check through the list for your entries. Even though, for example, the 5th place in a relay is listed, that team does not have a spot in the Championship meet. The entries were made to keep the score sheet as detailed as possible. Please refer to the number of qualifiers to Championship grid in the SPL documentation.

At this time it looks like we will not need a meeting for SEEDING. If this changes, I will let all of you know by Tuesday and we will have to meet on Wednesday or Thursday. I have the forms ready for the races, and field will hopefully be done by Tuesday night.

The fonts are small to keep the number of pages down.

See you next Saturday,

Mark Schram
